UCPA is one of the three largest health charities in America. UCPA's mission is to advance the independence, productivity and full citizenship of people with cerebral palsy and other disabilities. Since its inception in 1949, UCPA has maintained offices only in one of two places, initially in New York City, and since 1989 in Washington, DC.

UCPA is not currently and has never been located in or conducted any operations in the state of Pennsylvania. UCPA has a nationwide network of 110 affiliates, including affiliates within the state of Pennsylvania. The relationship between UCPA and its affiliates around the nation is a charter relationship. Although the charter allows the affiliate to use the name "United Cerebral Palsy" in conducting its business, there is no corporate relationship between the affiliate and UCPA. Instead, all affiliates are independently operated and registered with the government of the state in which they operate, and always qualified on their own as I.R.C. 501(c)(3) organizations.

I have attached a list of Pennsylvania affiliates (current and past) whose area of operations may include Delaware and Philadelphia Counties.

Please do not hesitate to contact me with any additional questions.

Sincerely,

Kirsten A. Nyrop
Executive Director
